

GERMS

are everywhere.

Wash your hands after touching common surfaces and items, such as:

- Keyboards
- Doorknobs and door handles
- Desks
- Cell phones
- TV remotes
- Hand railings
- Credit card machines (screen, buttons, stylus)
- Countertops
- Tables
- Touch screens

Stay safe and healthy.

Wash your hands often, especially when visibly dirty.
In between handwashings use alcohol-based hand sanitizer.
