

New Jersey resident deaths due to COVID-19 and other causes of death
 Provisional data for January 1 – December 31, 2020 Data file as of 2/12/21

Source: New Jersey Resident Death Certificate Database. Retrieved on February 12, 2021 from New Jersey Department of Health, New Jersey State Health Assessment Data website: <https://www-doh.state.nj.us/doh-shad/query/builder/provdth/Mort/Count.html>.

Notes:

- **“Provisional”** means that the data file is still changing. The data used for the graph are based on the data file as of February 11, 2021 at 8:12 pm.
- All causes are the [underlying cause of death](#).
- **“COVID-19”** are deaths with [ICD-10 code U07.1](#) as the underlying cause of death.
- **“Other causes”** are deaths due to any underlying cause of death besides U07.1.
