On April 18, 2020, the Department of Health (Department) issued an Emergency Curtailment of Admissions Order and Directed Plan of Correction, prohibiting the facility from accepting admissions or readmissions of individuals. The Directed Plan of Correction, among other things, required the facility to retain the services of an administrative consultant, registered nurse consultant and certified infection control practitioner consultant.

On May 1, 2020, the Department issued an Order Partially Lifting the Emergency Curtailment of Admissions Order to allow the facility to readmit residents who were discharged from a hospital. The Directed Plan of Correction remained in effect.

On June 30, 2020, the Department issued an Order Lifting the Emergency Curtailment of Admissions Order to allow the facility to accept new admissions. The Directed Plan of Correction remained in effect.

As of today's date, the Department is hereby lifting the April 18, 2020 Emergency Order as it pertains to the Directed Plan of Correction.

The facility must continue to comply with the April 13, 2020 Emergency Conditional Curtailment of Admissions Order, which is directed to all New Jersey Nursing Homes and Assisted Living Facilities.
