The Commissioner of the Department of Health hereby amends the July 19, 2023, Directed Plan of Correction as follows:

- a. The requirement that the facility have its Assistant Director of Nursing (ADON), who was acting in the capacity of the Director of Nursing while the Director of Nursing was absent from the facility, complete the CMS 28-hour Universal Infection Prevention and Control Class is deleted. The Department continues to recommend that the ADON complete the class, but it is no longer required because the facility changed its leadership from the ADON to a Director of Nursing with infection control qualifications.

The remainder of the Directed Plan of Correction remains in effect. Thank you for your attention to this important matter and for your anticipated cooperation. If you have any questions concerning the Amendment to the Directed Plan of Correction, please contact Lisa King, Office of Program Compliance, at Lisa.King@doh.nj.gov.

Sincerely,

Gene Rosenblum, Director
Office of Program Compliance
