

# UPDOC Instructions

---

A new method of transmitting incident reports to the Division of Developmental Disabilities' Office of Risk Management (ORM) has been developed to augment the use of fax machine technology.

You will be able to securely and confidentially upload documents up to 1 MG in size from a computer at your location(s) via the use of a web-based application. The web address is:

<https://secureupload.dhs.state.nj.us/updoc/> **(Browser Requirement: IE10, or Firefox, or Chrome)**

The strongly preferred file type for uploads will be MS Word Documents with .doc or docx file extensions. The use of MS Word documents will enable staff in the Division's ORM Units to copy and paste from your incident reports directly into the Department's UIR system. However, documents with file extensions .txt, .tif, .jpg, and .pdf may also be transmitted to us when necessary.

This system will allow you to upload up to 10 separate documents in one hour, one at a time.

When you go the web address, you will see the following dialogue box:

**Secure UIR Upload**

Reporting Agency :  \*

Email Address :

**“Email Address”**

Please enter an email address that can be used to contact you in case there are any questions and also to provide you with information such as the incident number assigned and directions for follow up.

**“DDD ID”**

Please enter the six digit ID number of one of the individuals involved in the incident you are reporting.

**“Incident No.”**

Please enter the UIRMS number provided to you by the UIR Unit when submitting a follow up.

If the incident number is 14-123456, you would enter 14 in the first box and 123456 in the second. Leave this field blank when forwarding an initial incident report.

**“ORM Units”**

There are four ORM units in the Division of Developmental Disabilities plus a unit based in central office. All of these units are part of the Office of Risk Management (ORM). Please choose the appropriate unit by clicking on the down arrow.

In order to provide consistency in regards to reporting and to streamline the process, providers are now assigned to one Office of Risk Management (ORM) location to which they will submit all their UIRS.

Enhanced contact information for each of the ORM Units and the list of provider assignments has been provided to you in the email with these instructions. The list of Provider Assignments will also be posted on the DDD Website for Division Circular #14, <http://www.state.nj.us/humanservices/ddd/news/publications/dc14.html>

For those providers who are not assigned to a specific ORM Unit, please report incidents according to the county of residence for the individual involved in the incident.

The choices are:

- Central Office (DDD – Office of Risk Management)
- Trenton ORM Unit: [Hunterdon, Mercer, Middlesex, Monmouth Ocean, Morris, Sussex, Warren]
- Mays Landing ORM Unit: [Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Salem]
- Plainfield ORM Unit: [Essex, Somerset, Union, Bergen, Passaic, Hudson]

Use the “Central Office” choice to submit to the Office of Risk Management a plan of correction in response to an investigation findings letter from the Office of Investigations (formerly the SRU).

**NOTE: This application is only for initial and follow up UIRs being sent to DDD. It is not to be used to submit follow up reports directly to CIMU (Critical Incident Management Unit), OOL (Office of Licensing), or OI (Office of Investigation, formerly the SRU.)**

**“Notes”**

This may be used to describe what is being uploaded for your records, who to contact in case of questions, or any other information you want to provide to the ORM unit with respect to the unloaded incident report. If you are uploading other documentation, this section could be used to describe the documentation.

**“Upload File”**

To upload the UIR, click on “Browse” to locate the document you want to upload (UIR, Follow up report, Plan of Correction in response to an investigation report from the Office of Investigations), and click on the document.

When you click on “browse”, the application will connect with your computer’s file system, either on your local computer’s hard drive or network drive, and display the list of files on those drives. You need to go to where the file you want to upload is located, and then click on that file to upload it.

**“Please enter the text as in the image”**

This step is to protect this application from spam. An image similar to SXKSMN will be presented. Type in the characters from the image in the space provided, and then click on “Submit.”

After you click on submit, you will see the following page.

Click Ok and you get the next screen.

Click on the Print Icon and a second screen will appear asking you if you want to Open or Save the File.

When you click on “Open”, you will see the screen on the following page, which is a receipt for what you submitted to the chosen UIR unit.

You Have Successfully Submitted a UIR. Please find details.
