MEDICAID COMMUNICATION NO: 90-11

DATE: March 5, 1990

TO: County Welfare Agency/Board of Social Services Director

SUBJECT: Increased Income Eligibility Standards; New Jersey Care...Special Medicaid Programs

You were advised in Medicaid Communication No. 90-5 that Acting Commissioner Waldman had approved special procedures relating to this year's cost-of-living increase in Social Security benefits for New Jersey Care cases. To recapitulate, CWAs were directed to continue the eligibility of aged, blind, and disabled New Jersey Care cases that would otherwise have been terminated due to the January 1, 1990 increase in Social Security benefits. This special eligibility was to extend until the issuance of the new federal poverty guidelines.

The federal poverty level guidelines for 1990 were published in the February 16, 1990 issue of the Federal Register. Attached are new income standards based on the guidelines for the New Jersey Care program. Because of the special procedure employed this year, these new standards are retroactively effective to January 1, 1990.

As indicated in Medicaid Communication No. 90-5, the CWA shall immediately review all cases that would otherwise have been terminated from New Jersey Care as a result of the Social Security cost-of-living increase. No action is required for those cases which remain eligible under the new income standards. Any of the continued cases which are not eligible under the new standards shall be terminated effective April 1, 1990. Adverse action requirements must, of course, be met.

The CWA shall maintain a log of any continued cases terminated as a result of the new standards. The logs must minimally identify the case name and identification number. Because the Division will be using the information contained in the logs to assure that claims submitted on behalf of these cases are removed from the federal claim, it is important that only appropriate cases appear. These logs must be submitted no later than April 16, 1990 to Douglas Eide, Office of Eligibility Policy and Operations. In the event that a county terminates no cases as a result of this process, that fact should likewise be reported to Mr. Eide.

Because these standards are retroactively effective to January 1, 1990, CWAs shall review all cases denied for excess income since that date which would be eligible under the new standards. Any case found to be eligible under the new standards shall be accreted to the eligibility file with an effective date reflecting the later of January 1, 1990 or the date of eligibility.

Questions regarding this communication should be referred to field staff assigned to your county.

Sincerely,

A handwritten signature in cursive script, appearing to read "Saul M. Kilstein".
