## **§ 10:59-1.2 Definitions**

---

The following words and terms, when used in this chapter, have the following meanings unless the context clearly indicates otherwise:

"Apnea monitor" means an electronic device used to measure respiration and cardiac functions in patients experiencing episodic apnea related to a medical diagnosis or a predisposition of apneic episodes based on genetic or familial history.

"Augmentative/Alternative Communication System (ACS)" means communication systems, commercially available or custom designed, which are appropriate for children or adults whose ability to communicate orally or in writing is severely impaired and who have mental potential to benefit from ACS. ACS includes, but is not restricted to, non-electronic devices and electronic/computerized devices.

"Customized" DME means an item of DME which has been fabricated by the provider to meet the specialized needs, physical characteristics and/or deformities of a beneficiary.

"DMERC" means the Durable Medical Equipment Regional Carrier approved by the Health Care Financing Administration.

"Durable medical equipment" (DME) as defined for this subchapter, means an item or apparatus, other than hearing aids and certain prosthetic and orthotic devices, including customized DME, modified DME and standard DME, which has all of the following characteristics:

1. Is primarily and customarily prescribed to serve a medical purpose and is medically necessary for the beneficiary for whom requested;
2. Is generally not useful to a beneficiary in the absence of a disease, illness, injury, or disability; and
3. Is capable of withstanding repeated use (durable) and is nonexpendable; for example, hospital bed, oxygen equipment, wheelchair, walker, suction equipment, and the like.

"Invoice" means an unaltered document reflecting a supplier's actual acquisition cost, which shows the supplier as the addressee, item description, quantity, and cost.

"Maximum fee allowance" means the Medicaid/NJ FamilyCare maximum payment assigned to medical supplies and DME.

"Medical supplier" means a provider of medical supplies and/or durable medical equipment.

"Medical supplies" means item(s) which are:

1. Consumable, expendable, disposable or non-durable;
2. Prescribed by a practitioner; and
3. Medically necessary for use by an eligible beneficiary.

## § 10:59-1.2 Definitions

"Modified DME" means a standard item of DME which is modified to meet the specialized needs of a beneficiary by adding non-standard parts.

"Nursing facility (NF)" means an institution (or distinct part of an institution) certified by the New Jersey State Department of Health for participation in Title XIX Medicaid and primarily engaged in providing health-related care and services on a 24-hour basis to Medicaid/NJ FamilyCare beneficiaries (children and adults) who, due to medical disorders, developmental disabilities, and/or related cognitive and behavioral impairments, exhibit the need for medical, nursing, rehabilitative, and psychosocial management above the level of room and board, but not primarily for care and treatment of mental diseases that require continuous 24-hour supervision by qualified mental health professionals or the provision of parenting needs related to growth and development. (See [N.J.A.C. 8:34.](#))

"Pressure reduction system" means a system which incorporates simple or complex equipment designed to reduce support surface pressures by powered or non-powered means for the purpose of encouraging healing of decubiti.

"Price list" means any unaltered document published by a manufacturer which is used in place of an invoice by the fiscal agent to price a "by report" procedure code which includes a manufacturer's name, item description, and suggested retail price per unit or package and a notation by a supplier indicating the number of units per package, if not described by a manufacturer.

"Recycled" when referring to a DME item, means an item purchased by the New Jersey Medicaid/NJ FamilyCare Program that is no longer medically needed by the Medicaid/NJ FamilyCare beneficiary, that at a minimum will be sanitized and refurbished and/or repaired, if needed, by the DME provider and supplied to another beneficiary.

"Standard" DME means DME which is available without modification.

"Usual and customary" means a medical supplier's charge to the general public for services rendered which equals the supplier's submitted price to the Medicaid/NJ FamilyCare program.

Although an HEPA Air Cleaner is not ordinarily classified as "medical equipment," where the air cleaner was medically necessary for a nine-year-old Medicaid recipient who suffered from severe asthma and allergic rhinitis and who was required to undergo emergency hospitalization approximately twice a month in the absence of the air cleaner, the administrative regulation was to be relaxed in order to produce a sensible and humane result. Not only would the provision of this device prove less costly to Medicaid, which would then be relieved of the cost of the nine-year-old boy's hospitalizations, but the boy would be spared the suffering of illness and the trauma of hospitalization. Regulations establishing covered and non-covered medical supplies and equipment are valid under Title XIX of the Social Security Act, [42 U.S.C.S. § 1396](#) et seq., as Title XIX confers broad discretion on the states to adopt standards and requires only that such standards be reasonable and consistent with the objectives of the act. Even within the five mandatory categories of services, a state may adopt reasonable standards to determine the extent of medical services that it will provide, and a state may impose limitations based upon the degree of medical necessity. Insurance company was within its rights when it denied a request by a young adult who had cerebral palsy for a new power wheelchair that had elevator seat capacity on the grounds that inclusion of that feature was not necessary for the adult to accomplish vital activities of daily living and that it was not shown to be medically necessary within the meaning of governing regulations. Medicaid/NJ FamilyCare program and thus was excluded from the category of "durable medical equipment" for which reimbursement was properly paid. That is, the benefit that would accrue derived from the fact that the BuddyBike was a type of exercise equipment, and reimbursement for such equipment was specifically excluded. [\*X.B. v. ### ***NJ - New Jersey Administrative Code > TITLE 10. HUMAN SERVICES > CHAPTER 59. MEDICAL SUPPLIER MANUAL > SUBCHAPTER 1. MEDICAL SUPPLIES AND DURABLE MEDICAL EQUIPMENT***

## **§ 10:59-1.3 Requirements for program participation as a medical supplier**

(a) Effective July 1, 2006, P.L. 2006, c. 45 and P.L. 2007, c. 111, as amended by P.L. 2007, c. 336, require the Division to institute a moratorium on, among other services, medical supply services.

1. Any provider that was not an approved Medicaid or NJ FamilyCare fee-for-service provider of medical supply services prior to July 1, 2006 is ineligible to become an approved fee-for-service provider of such services for Medicaid or NJ FamilyCare, unless the Division determines that the provider meets the special needs of the Division.
2. Special needs criteria for medical supplier provider applicants are as follows:
  - i. Sufficient access analysis: Using geo-accessing, the Division will determine whether the beneficiaries living in an area in which the provider is located, or intends to locate, have sufficient access to the Medicaid or NJ FamilyCare-covered service that the provider intends to offer. For example, if a mileage standard for a service is one provider in six miles or two providers in 12 miles, sufficient access exists under the moratorium for that service when a beneficiary has access to a minimum of one participating provider within six miles or two participating providers within 12 miles of the beneficiary's residence. Mileage standards are set forth below:

<b>Miles per One Provider-Urban</b>	<b>Miles per Two Providers-Urban</b>	<b>Miles per One Provider-Non urban</b>	<b>Miles per Two Providers- Non urban</b>
six Miles	12 Miles	15 Miles	25 Miles

ii. Special needs analysis: After the Division performs a sufficient access analysis, the Division will perform a special needs analysis utilizing the following criteria:

- (1) The number of beneficiaries in the area in question who may have special needs;
- (2) Capacity limits and service offerings of existing providers and the provider applicant;
- (3) The provider applicant's availability, as revealed in its proposed minimum and maximum hours of service, including whether the provider will offer a level of service not currently available, such as a 24-hour access system, emergency services and home delivery of services;
- (4) Whether the provider applicant is a specialty medical services provider deemed by DMAHS to fill a need for specific medical supply that would not otherwise be filled; and
- (5) A provider that is selected to provide institutional pharmaceutical services to a facility that is a newly licensed institution, or a replacement provider that shall provide identical services to an

§ 10:59-1.3 Requirements for program participation as a medical supplier

existing licensed institution, may also be approved for participation as a provider of medical supply services under the moratorium if the provider provides a level of services acceptable to the Department of Health and Senior Services and meets all applicable State and Federal rules and regulations. Additionally, institutional providers of pharmaceutical services may be approved as providers of medical supply services for the purpose of billing Medicare Part B for covered medical supply services and Medicare Part D services.

**3.** Situations not subject to the moratorium for fee-for-service providers of medical supply services are as follows:

- i.** A change of ownership only;
- ii.** A change of location only: A provider that has not changed ownership on or after July 1, 2006, which changes location on or after July 1, 2006 and prior to November 7, 2011, or which changes location to a location within the State of New Jersey on or after November 7, 2011, and continues to operate as a Medicaid or NJ FamilyCare provider at the new location, continues to provide the same level of services and delivery and meets all applicable State and Federal rules and regulations;
- iii.** Medicare is the primary payer. Situations where Medicare is the primary payer and the provider bills for cross-over claims and wraparound Medicare Part D payments; and
- iv.** A pharmacy that sells medical supplies.

**4.** A pharmacy provider is not approved to be a provider of medical supply services based on licensure as a pharmacy. Licensed pharmacies shall file a separate provider application to request participation as a provider of medical supply services.

**(b)** Subject to the moratorium set forth in (a) above, in order to participate in the New Jersey Medicaid/NJ FamilyCare Program, a medical supplier shall:

- 1.** Be an established place of business as a medical supplier in New Jersey;
- 2.** Be a pharmacy operating under a valid permit issued by the New Jersey State Board of Pharmacy;
- 3.** Be an out-of-State medical supplier who is an approved Medicaid provider in their state of residence; or
- 4.** Be a manufacturer of medical supplies for which there is a special need, as determined at the sole discretion of the Division; however, participation by such manufacturers is limited to providing the specific items specially needed as identified in writing by the Division; such manufacturers may be enrolled without a need to comply with the separate provisions of (c)1 and 2 below.

**(c)** In order to participate in the New Jersey Medicaid/NJ FamilyCare Program, a medical supplier shall:

- 1.** Maintain a previously approved or fixed, established place of business located in a commercial zone which shall be open and accessible to the general public during normal business hours;
- 2.** Display a sign of identification, external to the interior business site, visually recognized by the general public;
- 3.** Receive approval from the New Jersey Medicaid/NJ FamilyCare program for each site from which equipment and supplies are distributed and/or delivered;
- 4.** Comply with the requirements described at [N.J.A.C. 10:49-3.2](#) if the medical supplier is to fill an order written by a physician or other practitioner who has an ownership interest in the supplier's business;
- 5.** Notify the State's fiscal agent and file a new application within 60 days of a change in ownership and/or location; and
- 6.** Agree to permit properly identified representatives of the New Jersey Medicaid/NJ FamilyCare program to:

## § 10:59-1.3 Requirements for program participation as a medical supplier

- i. Inspect the original prescription or the Certificate of Medical Necessity (CMN) on file;
- ii. Audit records pertaining to costs of medical supplies and equipment provided to Medicaid/NJ FamilyCare beneficiaries; and
- iii. Inspect private sector records, where deemed necessary, to comply with Federal regulations to determine a provider's usual and customary charge to the public.

### ***NJ - New Jersey Administrative Code > TITLE 10. HUMAN SERVICES > CHAPTER 59. MEDICAL SUPPLIER MANUAL > SUBCHAPTER 1. MEDICAL SUPPLIES AND DURABLE MEDICAL EQUIPMENT***

#### **§ 10:59-1.4 Non-covered items or services**

---

(a) The New Jersey Medicaid/NJ FamilyCare program does not cover medical supplies and durable medical equipment under the following conditions:

1. A particular item of DME is not covered when, in the opinion of the Division, the item is not considered cost-effective or safe and effective for the treatment of a beneficiary's medical condition;
2. Items available without charge through programs of other public or voluntary agencies (for example: New Jersey State Department of Health and Senior Services, Heart Association, American Cancer Society) are not covered;
3. Supplies which are administered or directly furnished by practitioners or by home health agencies as part of per visit reimbursement are not covered separately;
4. Medical supplies, routinely used DME and other therapeutic equipment/supplies essential to furnish the services offered by a facility for the care and treatment of its residents are considered part of the NF's per diem and therefore, not covered. Examples of this type of equipment and supplies include, but are not limited to, the following:
  - i. Administration pumps;
  - ii. Aspirators;
  - iii. Canes;
  - iv. Communication equipment (life-safety devices including alarms and apnea monitors);
  - v. Crutches;
  - vi. Enteral nutritional supplements and related supplies (including IV poles and enteral pumps);
  - vii. Geri-chairs;
  - viii. Hospital beds (including mattress and side rails);
  - ix. IPPB machines;
  - x. IV supplies and related equipment;
  - xi. Lifts;
  - xii. Low end pressure relief systems, for example, mattress overlays, mattress replacements, powered mattress systems and air powered flotation beds;
  - xiii. Nebulizers;
  - xiv. Oxygen and related equipment;
  - xv. Traction apparatus;
  - xvi. Walkers;

## § 10:59-1.4 Non-covered items or services

**xvii.** Standard wheelchairs and accessories including adjustable leg rests and detachable armrests; and

**xviii.** Medical supplies, for example, incontinency pads, bandages, dressings, compresses, sponges, plasters, tapes, cellu-cotton or other types of pads used to save labor or linen, colostomy bags, hot water bags, thermometers, catheters, rubber gloves, and disposable syringes.

**5.** Exceptions to (a)4 above include certain durable medical equipment not routinely used in a nursing facility and which is required due to the medical need of the individual resident;

**6.** Items not meeting the definitions of medical supplies and DME outlined at [N.J.A.C. 10:59-1.2](#), Definitions;

**7.** Delivery and shipping costs;

**8.** Services being provided to a beneficiary who loses eligibility, except as described at [N.J.A.C. 10:49-5.4\(a\)9](#); and

**9.** Travel time, except for services provided by a pedorthist.

**(b)** Non-covered items include, but are not limited to, the following:

**1.** Bags (douche, enema, ice);

**2.** Beds (waterbeds);

**3.** Environmental control equipment, including electronic devices intended to control or alter the environment, such as lighting, telephones and appliances; air conditioners; humidifiers; dehumidifiers and air filtering systems with the exception of vaporizers and cool mist humidifiers;

**4.** Exercise equipment;

**5.** Eye patches;

**6.** First aid supplies or medicine chest items (gauze, adhesive tape, bandages, and cotton);

**7.** Footwear, orthopedic, and foot orthotics, except when attached to a brace or bar or when part of a normal post-operative or post-fracture treatment program, or when used to correct or adapt to gross foot deformities (see [N.J.A.C. 10:57](#));

**8.** Hot water bottles;

**9.** Infant formula (standard);

**10.** Inflatable rubber invalid rings;

**11.** Lifts (chair or seat);

**12.** Mattresses (orthopedic or mattresses without FDA approval);

**13.** Nasal aspirators;

**14.** Pads (heating, hydrocollators, sanitary, thermophore);

**15.** Personal incidentals, including items for personal cleanliness, body hygiene, and grooming, for example, standard toothbrushes, mouthwashes, dentifrices, deodorant soaps, cosmetics, shaving items, and so forth;

**16.** Plastic gloves;

**17.** Protein nutritional supplements in which the quantity dispensed exceeds a 34-day supply;

**18.** Scales (bathroom);

**19.** Specialized infant formulas in which the quantity dispensed exceeds a 34-day supply;

**20.** Stainless steel bedpans or urinals;

## § 10:59-1.4 Non-covered items or services

21. Syringes (bulb, enema);
22. Thermometers (axillary, ear, oral, rectal); and
23. Tongue blades (sterile, non-sterile).

Judge's allowance of reimbursement for purchase of HEPA Air Cleaner reversed as electrostatic air filter reimbursement is specifically prohibited by regulation. In the Matter of M.D., 7 N.J.A.R. 254 (1980), reversed [179 N.J.Super. 541, 432 A.2d 943, \(App.Div.1981\)](#), modified in part and remanded [91 N.J. 1, 449 A.2d 1235 \(1982\)](#).

Given the medical conditions of a six year old boy who had spastic quadriplegic cerebral palsy and a seizure disorder, a safety bed was medically necessary, but there was insufficient evidence to support the request for an electric safety bed, and the insurer had agreed to provide a manual safety bed. [D.N. v. United Healthcare, OAL DKT. NO. HMA 08903-16, 2016 N.J. AGEN LEXIS 1007](#), Initial Decision (November 28, 2016).

Insurance company was within its rights when it denied a request by a young adult who had cerebral palsy for a new power wheelchair that had elevator seat capacity on the grounds that inclusion of that feature was not necessary for the adult to accomplish vital activities of daily living and that it was not shown to be medically necessary within the meaning of governing regulations. [V.Z. v. Horizon NJ Health, OAL DKT. NO. HMA 04669-16, 2016 N.J. AGEN LEXIS 403](#), Initial Decision (May 31, 2016).

DMAHS acted improperly when it denied a request for authorization to provide a motorized wheel chair to a 62-year old nursing home resident who suffered from various conditions including end-stage renal disease, morbid

obesity and hip-joint fusions. The resident was bed-bound and had very limited mobility. The patient's physician had certified that the motorized wheel chair was medically necessary due to the patient's various conditions, and there was no evidence to the contrary offered by [DMAHS, T.B. v. DMAHS, OAL DKT. NO. HMA 1858-15, 2015 N.J. AGEN LEXIS 457](#), Initial Decision (July 6, 2015).

Though all parties agreed that an autistic child would accrue benefits from a "BuddyBike" including improving his core and lower-extremity muscle strength, building his stamina, providing sensory stimulation, and assisting with socialization, such equipment nonetheless was properly classified as "exercise" equipment under regulations governing the N.J. Medicaid/NJ FamilyCare program and thus was excluded from the category of "durable medical equipment" for which reimbursement was properly paid. That is, the benefit that would accrue derived from the fact that the BuddyBike was a type of exercise equipment, and reimbursement for such equipment was specifically excluded. [X.B. v. United Healthcare, OAL DKT. NO. HMA 12551-14, 2015 N.J. AGEN LEXIS 121](#), Initial Decision (January 29, 2015).

Request by a Medicaid recipient for approval to acquire a power wheelchair was properly denied because she failed to establish that the requested wheelchair was medically necessary to treat, evaluate or diagnose her medical condition as required by governing regulations. Inasmuch as the recipient was a nursing home resident, it was reasonable to believe that her transport needs were being met by nursing home personnel, who were already being compensated through Medicaid payments to the facility. [M.S. v. Div. of Medical Assistance & Health Services, OAL DKT. NO. HMA 04830-13, 2014 N.J. AGEN LEXIS 1153](#), Final Administrative Determination (April 11, 2014).

DMAHS concluded, contrary to an ALJ's determination, that a Medicaid recipient who resided in a nursing home was not entitled to a power wheelchair. The wheelchair was not medically necessary to treat, evaluate or diagnose the recipient's medical condition nor was the item cost-effective within the meaning of governing regulations. Though the recipient claimed that she needed a power wheelchair in order to alleviate shoulder pain that she experienced when using a manual wheelchair, the fact that she was residing in a nursing home where she had access to care 24 hours a day meant that it was the nursing home's responsibility to provide qualified attendants to transport the recipient. [M.S. v. DMAHS, OAL DKT. NO. HMA 04830-13, 2014 N.J. AGEN LEXIS 1019](#), Final Administrative Determination (April 11, 2014).

Testimony and evidence presented on a nursing home resident's behalf failed to articulate a proper basis for reimbursing the \$ 29,000 cost of a specialized wheelchair because federal law requires that the Division avoid the unnecessary utilization of services, the wheelchair was not medically necessary for the diagnosis or treatment of a disease, injury, or condition in accordance with [N.J.A.C. 10:49-5.5\(a\)](#)<sup>1</sup>, and the Medicaid program does not cover durable medical equipment when not considered cost-effective for a beneficiary's treatment. Specifically, providing necessary assistance to the resident in the resident's current wheelchair was within the nursing staff's responsibility and was care already included in the rate the Division paid to the nursing facility as a Medicaid provider, and the resident would not have been able to leave the nursing home in the foreseeable future. [J.R. v. DMAHS, OAL Dkt. No. HMA 10958-04, 2005 N.J. AGEN LEXIS 1317](#), Final Decision (October 14, 2005).

Nonambulatory, wheelchair-dependent 14-year-old boy with cerebral palsy, spastic quadriplegia and seizure disorder denied electric stair glide. *D.J. v. Essex County Division of Welfare*, 94 N.J.A.R.2d (DMA) 47.

---

(a) Medical supplies and equipment require a legible, dated prescription or a Certificate of Medical Necessity (CMN) personally signed by the prescribing practitioner. Either document shall contain the following information:

1. The beneficiary's name, address and Medicaid/NJ FamilyCare eligibility identification number; and
2. A description of the specific supplies and/or equipment prescribed;
  - i. For example, the phrase "wheelchair" or "patient needs wheelchair" is insufficient. The order shall describe the type and style of the wheelchair.
3. The length of time the medical equipment items or supplies are required;
4. A diagnosis and summary of the patient's physical condition to support the need for the item(s) prescribed; and
5. The prescriber's name, address and signature.

(b) Other information in addition to (a) above may be required for specific items and services, and is described in other sections of this chapter which are related to coverage of the specific item or service.

(c) The documentation required in (a) and (b) above shall be maintained on file for a minimum of five years from the date the service was rendered.

#### **§ 10:59-1.6 Prior authorization (PA)**

---

- (a) Prior authorizations issued by the Medicaid/NJ FamilyCare program are intended to reflect decisions regarding medical necessity and purchase/rental options. The issuance of prior authorization is not a guarantee of Medicaid/NJ FamilyCare payment. Payment is determined based on the satisfaction of all applicable claims processing edits established by the Division of Medical assistance and Health Services. Payment is made, based on the satisfaction of the conditions of this chapter.
- (b) When a procedure code requires PA, the provider shall first obtain authorization from the appropriate Medical Assistance Customer Center (MACC). (See a list of MACCs at [N.J.A.C. 10:49](#), Appendix Form #17.) The Division will provide written notification of the disposition of the PA request.
1. An exception is provided for orthopedic footwear not attached to a bar or brace. In these situations, the PA shall be submitted to the Podiatric Consultant in the Medicaid/NJ FamilyCare Central Office (See [N.J.A.C. 10:57](#)).
  2. Urgent requests may be made by telephone, but the provider shall submit the written PA request within five calendar days (see [N.J.A.C. 10:49-6.1](#)).
  3. For procedure codes L3000 through L3003, L3010, L3020, L3030, L3040, L3050, L3060, L3070, L3080 and L3090, up to four units of orthotics may be provided by the same provider to the same beneficiary during a 12-month period.
  4. For procedure codes L3201 through L3207, L3215 through L3217, L3219, L3221 and L3222, up to two units may be provided by the same provider to the same beneficiary during a 12-month period.
  5. For procedure code L3260, up to four units may be provided by the same provider to the same beneficiary during a 12-month period.
  6. - (c) When the purchase price of a DME item is \$ 300.00 or more, prior authorization shall be required for purchase or rental, as described in Appendix A, incorporated herein by reference, except as described in (e) below.
- (d) When the purchase price for medical supplies is \$ 100.00 or more, prior authorization is required as described in Appendix A, incorporated herein by reference.
- (e) Certain DME items and medical supplies require prior authorization regardless of purchase price, indicated in Appendix A, incorporated herein by reference.
- (f) All medical supplies and DME items purchased or rented for use by nursing facility residents require prior authorization. Items included in the NF's per diem are not covered (see [N.J.A.C. 10:59-1.4](#)).

[Dougherty v. Department of Human Services, Div. of Medical Assistance & Health Services, 91 N.J. 1, 449 A.2d 1235, 1982 N.J. LEXIS 2190 \(1982\)](#).

Regulations establishing covered and non-covered medical supplies and equipment are valid under Title XIX of the Social Security Act, [42 U.S.C.S. § 1396](#) et seq., as Title XIX confers broad discretion on the states to adopt standards and requires only that such standards be reasonable and consistent with the objectives of the act. Even within the five mandatory categories of services, a state may adopt reasonable standards to determine the extent of medical services that it will provide, and a state may impose limitations based upon the degree of medical necessity. [Dougherty v. Department of Human Services, Div. of Medical Assistance & Health Services, 179 N.J. Super. 541, 432 A.2d 943, 1981 N.J. Super. LEXIS 614 \(1981\)](#).

Although an HEPA Air Cleaner is not ordinarily classified as "medical equipment" and [N.J.A.C. 10:59-1.6\(a\)\(6\)](#) specifically excludes environmental control equipment such as electrostatic filters, where the air cleaner was medically necessary for a nine-year-old Medicaid recipient who suffered from severe asthma and allergic rhinitis and who was required to undergo emergency hospitalization approximately twice a month in the absence of the air cleaner, the administrative regulation was to be relaxed in order to produce a sensible and humane result. Not only would the provision of this device prove less costly to Medicaid, which would then be relieved of the cost of the nine-year-old boy's repeated hospitalizations, but the boy would be spared the suffering of illness and the trauma of hospitalization. [Dougherty v. Department of Human Services, Div. of Medical Assistance & Health Services, 179 N.J. Super. 541, 432 A.2d 943, 1981 N.J. Super. LEXIS 614 \(1981\)](#).

(a) Medical suppliers may request payment for medical supply services only after the supply/equipment has been delivered to the beneficiary (see [N.J.A.C. 10:49-9.5](#)). All requests for payment shall be submitted timely, in accordance with [N.J.A.C. 10:49-7.2](#).

(b) For durable medical equipment requiring prior authorization (PA), decisions regarding rental or purchase rest with the Division of Medical Assistance and Health Services.

1. Durable medical equipment may be rented when, in the judgment of the Medicaid/NJ FamilyCare program, the medical need for the equipment is of such a duration that rental of the equipment is more economically practical than authorizing its purchase.

(c) When durable medical equipment is authorized and purchased on behalf of a Medicaid/NJ FamilyCare beneficiary, ownership of such equipment will vest with the Division of Medical Assistance and Health Services. The beneficiary will be granted a possessory interest for as long as the beneficiary requires use of the equipment.

(d) Durable medical equipment items may be repaired and suppliers reimbursed for replacement parts and/or labor charges when, in the judgment of the Medicaid/NJ FamilyCare Program, the medical need for the item will continue to exist for a period of time and repair is more economical than purchase.

(e) Repair costs related to rented DME shall be the responsibility of the provider and shall be considered a component of the Medicaid rental payment.

(f) Reimbursement for repairs, including parts and labor charges, will not be authorized for durable medical equipment under warranty. For purchased DME, reimbursement for the cost of repairs shall be limited to repairs not covered by a manufacturer's warranty.

## **§ 10:59-1.8 Basis of reimbursement for medical supplies and DME**

- (a) Payment for purchase of medical supplies or DME shall be based on the following methods:
1. If there is no Medicaid/NJ FamilyCare Fee schedule, reimbursement shall be based on the lesser of the provider's usual and customary charge to the general public or a calculated maximum fee allowance equal to 130 percent of a supplier's invoice cost or 80 percent of the manufacturer's price list for supplies and equipment priced by report.
    - i. The invoice shall include the supplier as the addressee, item description, quantity, and cost.
    - ii. The manufacturer's price list shall include a manufacturer's name, item description, and suggested retail price per unit or package, and a notation by a supplier indicating the number of units per package, if not described by a manufacturer.
  2. If there is a Medicaid/NJ FamilyCare Fee schedule, reimbursement shall be based on the lesser of the provider's usual and customary charge to the general public; or the Medicaid/NJ FamilyCare maximum fee allowance assigned by the Division.
- (b) Payment for rental of DME will be calculated as follows:
1. If a medical equipment item has a maximum fee allowance of \$ 100.00 or less, the monthly rental payment will be the amount billed or 20 percent of the approved purchase price, whichever is less. Six such payments shall be deemed to be the full purchase price. No further payments shall be made and the equipment will be considered the property of the State.
  2. If a medical equipment item has an approved maximum fee allowance of more than \$ 100.00, the monthly rental payment will be the amount billed or 12 percent of the fee, whichever is less. Ten such payments shall be deemed to be the full purchase price and no further payments shall be made and the equipment will be considered the property of the State.
  3. If the purchase of a rental item is authorized prior to the close of the maximum rental period (see [N.J.A.C. 10:59-1.8\(b\)](#)1 and 2), a final payment will be made which equals the difference between the sum of the prior rental payments and the maximum fee allowance.
  4. If death, ineligibility, or other circumstances over which the New Jersey Medicaid/NJ FamilyCare Program has no control, should occur, rental fees for any medical equipment item shall terminate at the end of the month such circumstance(s) occur and no further payment will be made.
- (c) Payment for replacement parts and repairs will be made as follows:
1. Reimbursement for replacement parts shall be based on the purchase policy described under [N.J.A.C. 10:59-1.8\(a\)](#); and
  2. Reimbursement for labor charges will be the maximum fee allowance established by the Division per hour of labor provided.

---

(a) When a Medicaid/NJ FamilyCare beneficiary also has Medicare coverage, the Medicaid/NJ FamilyCare program requires that Medicare benefits be used first and to the fullest extent. Responsibility for payment by the New Jersey Medicaid/NJ FamilyCare program shall be limited to the unsatisfied deductible and/or coinsurance to the extent that the combined Medicare/Medicaid/NJ FamilyCare payment does not exceed the Medicaid/NJ FamilyCare maximum allowable.

(b) In those instances where Medicare policy disallows reimbursement for an item/service under certain circumstances, for example, a special wheelchair for a NF resident, the provider shall obtain prior authorization from the Medicaid/NJ FamilyCare--Plan A program and submit a hard copy claim to the Medicaid/NJ FamilyCare--Plan A program with an Explanation of Benefits from Medicare attached.

(c) Medicare/Medicaid/NJ FamilyCare claims shall be filed timely, in accordance with [N.J.A.C. 10:49-7.2](#).

(d) When a beneficiary is eligible for Medicare/Medicaid/NJ FamilyCare coverage, a Medicare/Medicaid/NJ FamilyCare claim will cross over from the Medicare DMERC Region A to the Medicaid/NJ FamilyCare fiscal agent. There are instances, however, where claims will not cross over from Medicare to Medicaid/NJ FamilyCare, for example, claims denied by Medicare or claims where the Medicaid/NJ FamilyCare fiscal agent is unable to match pertinent identifying data (see [N.J.A.C. 10:49-7.2\(d\)3](#) for further instructions).

(e) There are situations in which Medicare coverage differs significantly from coverage considered medically necessary by the Medicaid/NJ FamilyCare program. In these situations, the provider may request PA from the Medicaid/NJ FamilyCare program prior to requesting Medicare payment.

1. The provider must request PA for the higher level of service under the procedure code assigned by the Division for "reconciliation of downgraded Medicare/Medicaid/NJ FamilyCare claims."

  - vii. Walkers, all types;
  - viii. Wheelchairs and wheelchair components.

(c) Prior to dispensing equipment determined recyclable by the State, medical suppliers shall contact the DME recycling contractor to determine the availability of recycled equipment for reuse. Reimbursement for recycling used equipment shall be limited to services provided by the recycling contractor.

(d) Claims for new DME, when such DME is readily available from the DME recycling contractor, shall be denied reimbursement by the Medicaid and NJ FamilyCare fee-for-service programs.

(e) Medical suppliers in receipt of used DME which is considered recyclable by the Medicaid and NJ FamilyCare programs shall arrange for the return of such equipment to the DME recycling contractor by contacting the contractor directly.

#### **§ 10:59-1.12 Parenteral therapy**

---

- (a) Parenteral therapy refers to the administration of a drug by the intravenous or subcutaneous route of administration.
- (b) Total parenteral nutrition (TPN) means the administration of a patient's total daily nutritional needs via the parenteral route of administration.
- (c) All parenteral therapy services, including total parenteral nutrition (TPN), require prior authorization (see [N.J.A.C. 10:59-1.6](#)).
- (d) For parenteral therapy other than TPN, coverage through the medical supplier shall be limited to supplies and equipment. Medicaid/NJ FamilyCare fee-for-service maximum fee allowances for drug costs related to TPN solutions shall only be reimbursed to medical suppliers who are also licensed as providers of pharmaceutical services.
1. Coverage for all medical supplies and DME related to TPN therapy shall be based on monthly fee allowances as established by the Division (see [N.J.A.C. 10:59-2.3](#) for monthly fee allowances and unit descriptions).
- (e) All drugs related to parenteral therapy shall be covered as pharmaceutical services (see [N.J.A.C. 10:51-1.11](#)) and shall only be billed to the Division by providers of pharmaceutical services (see [N.J.A.C. 10:51-1.2\(d\)](#)).
1. Reimbursement of all DME base solutions and supplies related to parenteral therapy shall be based on the mode of parenteral administration.
  2. Medicaid/NJ FamilyCare fee-for-service maximum fee allowances for parenteral therapy-related DME shall be based on all-inclusive per diem rates established by the Division (see [N.J.A.C. 10:59-2.3](#) for daily allowances and unit descriptions). The per diem rate includes the cost of the base solution.
- (f) When the beneficiary is a nursing facility resident, all parenteral therapy drugs and TPN solutions shall be billed by the Medicaid/NJ FamilyCare pharmacy provider that is under contract with the nursing facility to provide pharmaceutical services.
1. The contracted provider of pharmaceutical services must be licensed to provide parenteral therapy (see [N.J.A.C. 10:51-1.2\(d\)](#)) and approved as a medical supplier by the Division (see [N.J.A.C. 10:59-1.3](#)).
  2. All costs for supplies and DME which are used for the administration of parenteral therapy and TPN solutions shall be components of the nursing facility per diem rate and shall not be eligible for fee-for-service reimbursement from the New Jersey Medicaid/NJ FamilyCare programs.

- (a) ACS requires prior authorization. Requests for prior authorization shall include the following:
1. A list of specialists involved in the multi-disciplinary team evaluation of the beneficiary, including, at a minimum, a speech-language pathologist, physical therapist, occupational therapist, and social worker.
  2. An evaluation report by the speech-language pathologist, which shall include the following:
    - i. The communication status of the beneficiary, including relevant mental and physical disabilities;
    - ii. A list of augmentative/alternative communication devices/systems tried during the evaluation period;
    - iii. The rationale for the selection of the prescribed device/system and a description of how it will enhance functional communicative abilities;
    - iv. A certification that the beneficiary can mentally and physically benefit from the device/system and is willing to use it;
    - v. Recommendations for follow-up instruction so that maximum benefit may be obtained;
    - vi. A description of the beneficiary's gross and fine motor abilities, perceptual skills, reading skills, and cognitive abilities;
    - vii. Results of an audiometric screening and/or audiologic evaluation, as appropriate;
    - viii. A summary of past speech-language treatment;
    - ix. Results of the trial period with the device; and
    - x. A list of recommended augmentative communication devices, including all necessary accessories, prices and provider information.
- (b) Follow up visits will be made by the appropriate MDO staff, at their discretion, to monitor appropriate ACS use.
- (c) Reimbursement can be made for ACS rental during the trial period in accordance with the policy contained at [N.J.A.C. 10:59-1.7](#) regarding rental of DME.

#### **§ 10:59-1.14 Pressure reduction systems**

---

- (a) Pressure reduction systems include:
  - 1. Air fluidized bed systems which employ the circulation of filtered air through silicone-coated ceramic beads creating the characteristics of fluid;
  - 2. Powered low air loss bed systems which incorporate the use of an air-bladder system consisting of a series of interconnected adjustable air sacs designed to allow air escape to reduce support surface pressure. Air to the sacs is supplied by a separate power supply unit; and
  - 3. Low end products which include any powered or non-powered overlay or mattress.
- (b) Policies for providing and authorizing DME as described in [N.J.A.C. 10:59-1.5](#) and [1.6](#) apply.
- (c) Reimbursement for low end products is included in the NF's per diem, and therefore shall not be covered.
- (d) Periods of Prior Authorization (PA) for air-fluidized and powered low air loss bed systems shall be limited to 30 days.
- (e) Requests for PA for air fluidized and low air loss bed systems shall include the following:
  - 1. A medical history relating to the wound which includes previous therapy and pressure relief systems utilized and found unsuccessful;
  - 2. Physician progress notes indicating medical necessity, plan of treatment, and evaluation of response to treatment specific to the care of the wound;
  - 3. A wound care flow sheet documenting weekly the site, size, depth and stage of the wound, noting also the presence and description of drainage or odor;
  - 4. Laboratory values include a complete blood count and blood chemistries initially and on request thereafter;
  - 5. A nutritional assessment by a registered dietitian initially and on request thereafter; and
  - 6. Photographs of the site, upon permission of the beneficiary/family, after full due consideration is afforded to the beneficiary's right to privacy, dignity and confidentiality.
- (f) Coverage for air fluidized and low air loss bed systems shall be limited to the following conditions:
  - 1. The beneficiary has two stage III (full-thickness tissue loss) pressure sores or a stage IV (deep tissue destruction) pressure sore which involves two of the following sites: hips, buttocks, or sacrum; and
  - 2. The beneficiary is bedridden or chairbound as a result of severely limited mobility; and

## § 10:59-1.14 Pressure reduction systems

3. The beneficiary is receiving maximal medical/nursing care, previously instituted conservative treatment has been unsuccessful and all other alternative equipment has been considered and ruled out.

4. If the beneficiary has coexisting risk factors (such as vascular irregularities, nutritional depletion, diabetes or immune suppression), they must present post-operatively with a posterior or lateral flap or graft site requiring short-term therapy until the operative site is viable.

(g) Coverage for conditions other than those described in (e) above may be considered on an individual basis by the MDO.

**NJ - New Jersey Administrative Code > TITLE 10. HUMAN SERVICES > CHAPTER 59. MEDICAL SUPPLIER MANUAL > SUBCHAPTER 2. HCFA COMMON PROCEDURE CODING SYSTEM (HCPCS)**

### **§ 10:59-2.1 Introduction**

---

(a) The New Jersey Medicaid/NJ FamilyCare Program utilizes the Centers for Medicare & Medicaid Services (CMS) Healthcare Common Procedure Coding System codes for 2006, established and maintained by CMS in accordance with the Health Insurance Portability and Accountability Act, of 1996, [42 USC §1320d](#) et seq., and incorporated herein by reference, as amended and supplemented, and published by PMIC, 4727 Wilshire Blvd., Suite 300, Los Angeles, CA 90010. Revisions to the Healthcare Common Procedure Coding System made by CMS (code additions, code deletions and replacement codes) will be reflected in this chapter through publication of a notice of administrative change in the New Jersey Register. Revisions to existing reimbursement amounts specified by the Department and specification of new reimbursement amounts for new codes will be made by rulemaking in accordance with the Administrative Procedure Act, [N.J.S.A. 52:14B-1](#) et seq. HCPCS follows the American Medical Association's Physicians' Current Procedural Terminology (CPT) architecture, employing a five-position code and as many as two 2-position modifiers. Unlike the CPT numeric design, the CMS-assigned codes and modifiers contain alphabetic characters. HCPCS was developed as a three-level coding system. Level I codes are not applicable to medical supplies and durable medical equipment. The level II and Level III codes are as follows:

1. LEVEL II CODES (Narratives found at [N.J.A.C. 10:59-2.3](#)) are assigned by the Centers for Medicare & Medicaid Services (CMS) for physician and non-physician services which are not in the CPT.
2. LEVEL III CODES (Narratives found in [N.J.A.C. 10:59-2.3](#)) are assigned by the Division to be used for those services not identified by CPT codes or CMS-assigned codes. Level III codes identify services unique to New Jersey.

(b) The responsibilities of the provider of durable medical equipment (DME) and medical supply services for rendering services and requesting reimbursement are listed at N.J.A.C. 10:59-1.

### **§ 10:59-2.2 Elements of HCPCS Coding System which require the attention of the provider**

---

(a) The list of HCPCS procedure codes in [N.J.A.C. 10:55-2.4](#) is arranged in tabular form with specific information for each code given under columns with the titles "HCPCS Code", "Description", and "Maximum Fee Allowance".

(b) The column titled "Maximum Fee Allowance" indicates the maximum amount of reimbursement or the following symbol:

1. "B.R." (By Report) is listed instead of a dollar amount. It means that additional information will be required in order to properly evaluate the service. Attach a copy of the provider's invoice or manufacturer's price list to the claim form.

(c) Services and procedures may be modified under certain circumstances. When applicable, the modifying circumstances should be identified by the addition of alphabetic and/or numeric characters at the end of the HCPCS procedure code. The New Jersey Medicaid program's recognized modifier codes for medical supply services are as follows:

1. "NU" Purchase of new Durable Medical Equipment (DME); and
2. "RR" DME rental service.

## Notations

For example, common medical supply items will have a Rental Indicator Value of "N," and a Purchase Indicator Value of "M." By definition, these items cannot be rented.

For example, common DME will have a Rental Indicator Value of "M," and a Purchase Indicator Value of "D." By definition, these items can be both rented or purchased.

Claims for rental services shall include the procedure code modifier "PR." In addition, claims for purchases of medical supplies and DME include the procedure code modifier "NU."
