Prompt Payment Inquiries and/or Complaints

NJDOT's Standard Specifications require prime contractors to pay subcontractors and suppliers for satisfactory performance of their work. Depending on the particular contract, payment is required either, no later than 30 days or no later than 10 days of the prime receiving payment by the Department/Sponsor/Grantee. This includes payment of the full amount of retainage. This also applies to subcontractors paying their sub-subcontractors and suppliers.

The New Jersey Prompt Payment Statute and 49 C.F.R. Part 26 are regulations supporting this.

NJDOT's Civil Rights Contract Compliance Unit is responsible for investigating and attempting to resolve prompt payment complaints on Federally-assisted and State funded contracts.
