Route 130, Hollywood Avenue (CR 618)

DB # 93216 UPC 950469 MILEPOST(S) 2.20
 COUNTY: Salem MUNICIPALITY: Carneys Point Twp.

This project will provide for proposed safety and operational improvements to address problems caused by the severe acute angle of the intersection. A horizontal curve also causes sight distance problems for Rt. 130 northbound traffic. Local business driveways are believed to contribute to accidents. Scope of project to be determined.

Route 295, Northbound, South of Route 130 to South of Pedricktown-Woodstown Road, Resurfacing

DB # 06414 UPC 064140 MILEPOST(S) 0.90 - 8.00
 COUNTY: Salem MUNICIPALITY: Pennsville Twp. Carneys Point Twp. Oldmans

The existing roadway typically consists of three 12-foot asphalt travel lanes with 12-foot asphalt shoulders. The opposing traffic is separated by a grass median. The roadway condition is generally fair to poor, exhibiting moderate to high severity raveling, rutting, fatigue cracking in wheel paths, and isolated patching. The outside shoulder is in fair to poor condition. It is proposed to mill and resurface the entire roadway with Superpave hot mix asphalt. All inlets and other roadway utility hardware will be adjusted to final grade. Raised pavement markers will be reinstalled. Deteriorated curb and curb with existing low reveal will be reconstructed. No utility work is anticipated. Only resurfacing and incidentals required to facilitate the resurfacing as outlined in the scope of work for 3R projects will be done.

Bridge decks within the project limits do not require rehabilitation; therefore, pavement will be transitioned to meet the bridge decks. Existing vertical clearance will be maintained at all underpasses.
