Pulaski Skyway full closure at Tonnele Circle this weekend Ramp from Tonnele Circle to Skyway closed until Monday afternoon

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced the Pulaski Skyway is scheduled to be closed this weekend for concrete work as the rehabilitation of the historic 85-year-old bridge advances.

To avoid delays, NJDOT is encouraging motorists to use the NJ Turnpike-Hudson County Extension to all destinations west and south, including I-78, or to I-280/Route 7 and Route 1&9 Truck southbound.

Beginning at 9 p.m. Friday, October 20 until 5 a.m. Monday, October 23, NJDOT's contractor, CCA Civil Inc.-Daidone Joint Venture, is scheduled to close the Pulaski Skyway southbound at the off ramp to I-280/Route 7 and Route 1&9 southbound to install ultra-high performance concrete and related work.

The ramp from Tonnele Circle to the Skyway also will be closed beginning at 7 p.m. Friday, October 20, until 3 p.m. Monday, October 23, with traffic detoured to Route 1&9 Truck south.

Traffic on Route 1&9 south heading toward Tonnele Circle is encouraged to stay right and use the ramp to Route 1&9 Truck.

Heavy congestion and delays are expected in Tonnele Circle. The work is being coordinated with the Pulaski Skyway Contract 2 project that is rehabilitating Route 139 upper and lower levels.

The following detours will be in place:Southbound Traffic (toward Newark):

Leaving the Holland Tunnel, motorists will have the following options:

- Stay to the far right and take the NJ Turnpike-Hudson County Extension to all destinations west and south, including I-78 – ***This is the recommended option.***
- Stay to the left and follow signs for Route 139 West, then to Route 1&9 Truck southbound towards Newark, Route 7 and I-280.

Local Traffic for Jersey City:

- Stay to the middle to take Route 139 Upper Roadway and follow signs to Kennedy Boulevard/Jersey City, to best access many local Jersey City locations and other points north (Secaucus).

Northbound Traffic (toward Jersey City):

Northbound traffic will continue to utilize the same Skyway alternate routes that have been in effect since the northbound lanes were closed last year:

- NJ Turnpike-Hudson County Extension
- Route 1&9 Truck northbound
- Communipaw Avenue to access local Jersey City Locations.

NJDOT created a project-specific website - www.pulaskiskyway.com - which contains a wealth of information about the Skyway and the project, and will be updated with relevant new information as work progresses. The Department is carefully coordinating the Pulaski Skyway project with other regional transportation infrastructure projects to minimize traffic congestion.

The Department has a project hotline telephone number, 973-776-7400, and email, Pulaski.Skyway@dot.nj.gov. Anyone who has questions, concerns, or suggestions is encouraged to contact the Project Outreach Team as work progresses.

NJDOT will be using Variable Message Signs to provide advance notification to motorists of traffic pattern changes associated with the work. Follow us on Twitter @Skywayrehab and visit www.511nj.org for travel advisories.
