Pulaski Skyway northbound Broadway exit ramp to Jersey City to reopen this weekend Overnight lane closure necessary Saturday night

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced the reopening of the Broadway ramp from the Pulaski Skyway northbound to Route 1&9 Truck in Jersey City this weekend as the rehabilitation of the historic 88-year-old bridge advances.

Beginning at 8 p.m. tomorrow, Saturday, February 15, NJDOT's contractor, Cornell & Co. Inc, will close one lane of the Pulaski Skyway northbound to uncover guide signs and install new signs, before reopening the Broadway exit ramp from the Skyway northbound to Route 1&9 Truck in Jersey City. The Broadway ramp will allow for alternate access to all points in Jersey City via Route 1&9 Truck including Broadway, Newark and Sip Avenues. The ramp and all lanes are expected to be open by 5 a.m. Sunday, February 16. If work is completed early, the ramp and lanes will reopen sooner.

The Broadway ramp onto the Pulaski Skyway southbound from Jersey City will remain closed. It is scheduled to be reopened later this year. The Broadway ramp has been closed in both directions to allow for structural rehabilitation work on the mainline of the Skyway.

The work is part of the Rocker Bearing Investigation Contract of the Pulaski Skyway rehabilitation project, which is being advanced through 12 separate construction contracts. The Department is carefully coordinating the Pulaski Skyway project with other regional transportation infrastructure projects to minimize traffic congestion.

The Department has a project hotline telephone number, 973-776-7400, and email, Pulaski.Skyway@dot.nj.gov. Anyone who has questions, concerns, or suggestions is encouraged to contact the Project Outreach Team as work progresses.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on Twitter [@NJDOT_info](https://twitter.com/NJDOT_info) or on the [NJDOT Facebook page](https://www.facebook.com/NJDOT).
