

ROUTE 52 CAUSEWAY REPLACEMENT PROJECT

COMMUNITY PARTNERING TEAM

Ocean City and Somers Point • Atlantic and Cape May Counties

CPT Purpose

The Community Partnering Team (CPT) was established to inform stakeholders and the public of the progress of the project and to discuss the issues of the local communities, organizations and regional agencies.

The purpose of the CPT is to obtain broad-based public participation, discuss project information and provide feedback to the Steering Committee regarding design options for the Route 52 Causeway Replacement and MacArthur Boulevard improvements.

CPT Goals

- To identify the interests and concerns of local residents, organizations, municipal agencies and businesses in the project area.
- To actively participate in developing improvements to the Causeway that maximize safety and traffic efficiency while minimizing detrimental environmental, historic and community impacts.
- To provide input and recommendations to the Steering Committee in a collaborative fashion utilizing consensus to reach agreement.
- To communicate with constituents and enhance understanding of the project in the community and region.
- To maximize broad-based public participation in the transportation development process.

CPT Meetings and Accomplishments

CPT Mtg. No. 1
December 10, 2002

- define purpose, structure and goals of CPT
- present project status and existing conditions
- identify community issues and causeway interests

CPT Mtg. No. 2
March 26, 2003

- present the results of the Task Force meetings
- present project status and design refinements
- discuss outstanding community issues and PIC meetings
